---

## Profile

I am a front end developer / designer that has experience using many different forms of software. I focus on creating the most simple and effective solutions in all of my projects.

## Experience

### **12TH MAN PRODUCTIONS; COLLEGE STATION, TX – 2016 - PRESENT**

I worked as a Student Assistant at 12th Man Productions. We were responsible for producing various forms of content for Texas A&M University athletics. My responsibilities included traveling with the A&M volleyball team shooting/editing video and working as a technical director for the in-stadium big screen and SEC Network+ for multiple sports.

## Education

Texas A&M University, College Station, TX – University Studies Architecture, 2014 - 2018

+ Minor in Computer Science

+ Minor in Art (new media emphasis)

## Skills

**Proficient in:** Adobe Creative Suite, HTML, CSS, Javascript, C++

**Experience with:** Houdini, Sketch, Origami Studio, Avid Media Composer

**Position experience:** Web designer / developer, graphic designer, videographer, video editor, broadcast technical director
